

EDGETEC® MATADOR® MINI POST

NEW STAINLESS STEEL MINIPOST FROM HOMEPLUS

Juralco Edgetec® Matador® Mini Post Balustrade and Pool fencing system is a top mounted mini post system for frameless glass balustrades.

Designed with 2205 Duplex Stainless Steel for its excellent properties, corrosion resistance and smart aesthetic appeal, the Matador® system incorporates hidden fixings to provide a premium product in all aspects.

- + Can be installed with 12mm Toughened glass or 13.52mm SentryGlas™ panels
- + Designed as a structural barrier with or without a handrail
- + Compliant with Clause F4 for the purpose of preventing a fall of over 1m
- + Fast and easy installation
- + No holes required for installation of glass panels
- + At a touch, the glass panels tilt to allow inline adjustment using patent-pending adjustment technology
