Contemporary Range
Fence & Gate System

CONTEMPORARY FENCING

RAKED FENCE & MATCHING GATE

STRONG AND SAFE POOL AND PERIMETER FENCING

Sanctuary Contemporary Fencing is ideal for enclosing your pool or property and can be finished off with matching gates. Manufactured from the highest quality aluminium for corrosion resistance and strength, Contemporary fencing is built for long term resilience.

Contemporary fencing is very popular for pool fencing and complies with NZBC Clause F9 & 162C of the Building Act (pool safety legislation). Matching pool gates can be supplied with self-closing hinges and child resistant locks, to meet pool fencing regulations.

Offered in four popular heights; 1200mm, 1350mm, 1500mm or 1800mm, Contemporary fencing panels are 2400mm wide and finished in standard satin black, or can be powder coated in a custom colour of your choice. Robust square balusters, an extra top rail and high quality cast aluminium components, makes this fencing strong and ready for years of work.

STANDARD FENCE

STANDARD STRAIGHT FENCE

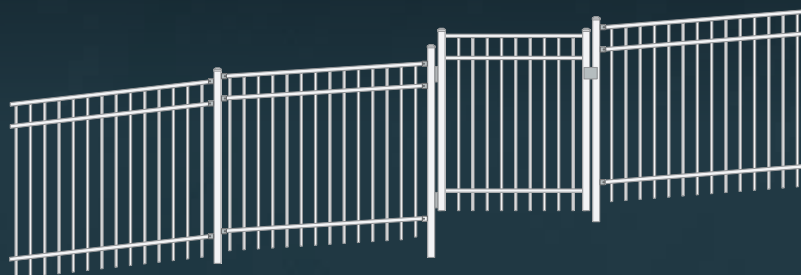

Available in a choice of 4 popular heights, with options for arrowheads or matching gates.

RAKED FENCE

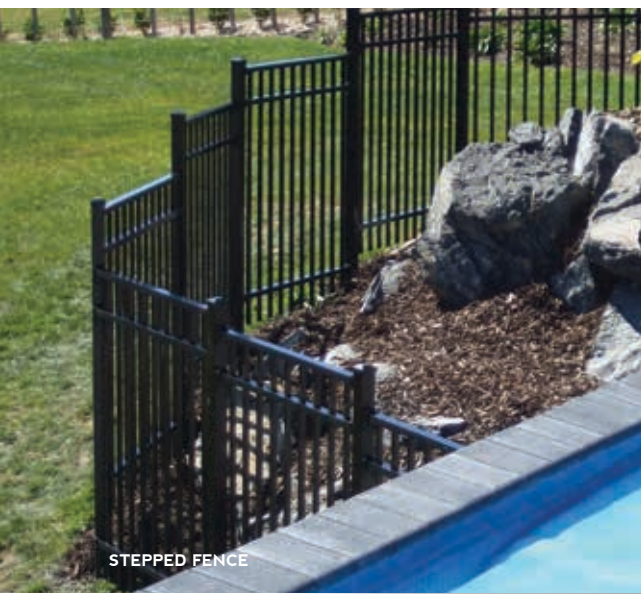

RAKED FENCE

Only available in 1200mm high panels, 500mm rise over 2400mm width (maximum) = 12°adjustment (maximum)

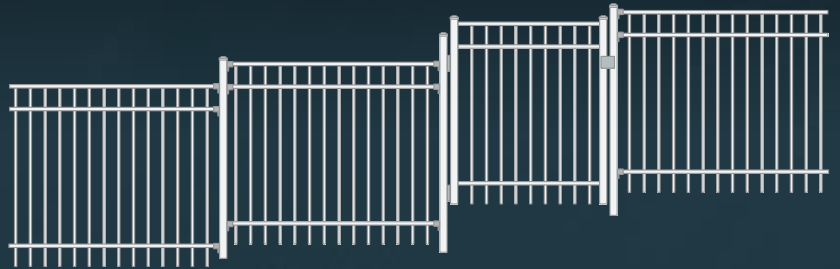

STANDARD & STEPPED FENCE

STEPPED FENCE

STEPPED FENCE

POOL FENCING REGULATIONS

Complies with NZBC Clause F9 and 162C of the Building Act (pool safety legislation).

It is your responsibility as a Homeowner to ensure that your pool fencing layout complies with your local government body regulations. The regulations can be subject to individual local body interpretation. While Sanctuary Fencing complies with NZBC Clause F9 and 162C of the Building Act (pool safety legislation), the layout and installation must be approved by your local Council.
